

Raja Rogers Meeting Notes
May 2, 2006

1. Roof now on the Peace Palace in Texas.
2. Peace Palace has arrived in Maharishi Vedic City.
3. Anyone who has land should be moving forward with seeing what permits might be required to build a Peace Palace, specifically we have the lands in NC and Chattanooga, Orlando.
4. Anyone who has properties that have come up, send Raja Rogers an email reminding him to follow up on them. Rajas4@aol.com
5. People may contribute money for the foundation and that will move the applicable location further up the list in consideration for a ready-made Peace Palace.
6. Need 4 Peace Palaces in NC – 68 acres East of Asheville, Asheville, Raleigh/Durham (2 Peace Palaces) and Charlotte.
7. Maharishi has the Rajas very focused on projects.
8. How much money do we need to raise for a foundation? Whatever you raise can be good towards it. No boundaries on it. Ballpark – as high as \$100,000. But even 5,000, 10,000 or 20,000 will help.
9. Jeff and Mary Murphy who are already in a Peace Palace reported that their income in Lexington has been \$6500/month average over last 6 mos, \$39,000 total. So if you build it, they will come.
10. Many people interested in Vastu homes on land in NC. Any procedure for getting designs approved? Is there a portfolio of ready-made designs available for people? Raja Rogers will ask Eike Hartman and John Lipman. It is not yet determined whether the land will be leased or sold to people for homes.
11. Atlanta - Land in Alpharetta – how to push it forward? Call Candace Martin. 1 man learned TM this weekend and 2 more will learn this upcoming weekend.
12. What is the price we want to pay? Not over \$3 million. Something that is \$2 million per acre won't be bought. Int'l doesn't want to buy property where if we had to, we wouldn't be able to get our money out of it. Okay with 45 min – 1 hour outside of the perimeter.
13. If there is a big population or a prominent location, Int'l will be very interested.
14. Call Candace Martin if you have located property.
